Copy of letter No.3881, dated the 9th October 1939, from the Secretary, Foreign and Political Department, Bikaner State, to the Secretary to the Hon'ble the Resident for Rajputana.

Appointment of Controllers of Enemy Trading and Enemy Firms and Custodian of Enemy Property.

I have the honour to refer to your Express letter No.2266, dated the 25th September 1939, suggesting the issue of necessary notifications regarding the appointment of British Indian Controllers of Enemy Firms and Enemy Trading and Enemy Property to be the Controllers and Custodian for purposes of Defence of India Rules as applied to State territory, and observing that in return for such appointment the British Indian officials would undertake to use Indian State officials for the purpose of any action which might require to be taken in regard to enemy trading and enemy firms etc. in State territory.

2. While His Highness' Government have every desire to co-operate fully with the British Government in all matters connected with the War, they feel that, in order to safeguard the interests of the State, it would be desirable in this particular case for the State to appoint its own Controller of Enemy Trading and Enemy Firms and Custodian of Enemy Property who could be authorised to correspond direct with the British Indian Controllers on all routine matters and collaborate with them in taking such action as may be necessary in regard to enemy property and enemy firms etc. in the State.

3. I am to request that the views of the Political Department on the above suggestion may kindly be obtained and communicated to me urgently.

---

settlement of such claims as they may possess against those enemies whose assets the British Indian Custodian of Enemy Property may happen to hold. Section 4(2)(iv) of the Enemy Property (Custodian and Registration) Order empowers the Custodian to repay debts due by the enemy to persons other than enemies, but this power, in the absence of specific provisions, does not extend to the repayment of debts due to persons outside the Custodian's jurisdiction. It follows that, unless the Custodian's jurisdiction is admitted to States by the consent of the States themselves, legal and practical difficulties in the settlement of claims will arise. Moreover, as the volume of claims by State subjects generally against the enemy is likely to be far larger than the volume of enemy assets held by any Custodian of Enemy Property who might be appointed by a particular State, the balance of advantage to the Indian States lies in forming part of a unified organisation for India as a whole and in thus obtaining the benefit of the internal clearing arrangements made for India as a whole.

4. If you see no objection, it is requested that the Bikaner Government may be informed accordingly and they may be invited to appoint, as so many other States have already appointed, the British Indian Controllers of Enemy Trading and Enemy Firms and Custodian of Enemy Property to be their own Controllers of Enemy Trading and Enemy Firms and Custodian of Enemy Property.

The issue of the above has been authorised.
